We ask that you join in the unique mission of Sojourners' Place – to assist homeless men and women on their journey to self-sufficiency through a case-managed, residential program. Opened in 1991, it is the only long-term facility in Delaware providing individualized assistance for remedial education, overcoming addictions, life skills instruction, mental health counseling, and access to job training. Sojourners' Place also provides services to veterans in need.

At Sojourners' Place, residents receive housing and three meals a day until they have reached independence with a full-time job, savings account, and a place to live. Sojourners' Place does not charge residents a fee for its services.
