## ***The Window of Opportunity Award***

**Morris James LLP**

We ask you to join in the unique mission of Sojourners' Place – to assist homeless men and women on their journey to self-sufficiency through a case-managed, residential program. Opened in 1991, it is the only long-term facility in Delaware providing individualized assistance for remedial education, overcoming addictions, life skills instruction, mental health counseling, and access to job training. With an average stay of six to nine months, residents receive housing and three meals a day. When they have reached independence with a full-time job, savings accounts, and a place to live, residents graduate from our program. Sojourners' Place does not charge residents a fee for its services.
